FOUNDATION COURSE

Introduction To waxing

Foundation Course

What You'll Learn:

Over the course of three days, you will receive both theoretical knowledge and practical training on waxing a variety of areas using strip wax, including:

- **Underarms:** Master the delicate technique for effective and comfortable underarm waxing.
- **Arms (including hands):** Learn how to wax arms and hands, ensuring a smooth and even result.
- **Chest & Abdomen:** Understand how to approach these areas, which require a careful technique due to their contours.
- **Basic Bikini:** Gain confidence in performing a basic bikini wax, one of the most requested services.
- **Legs (including feet):** Develop the skills necessary for waxing legs and feet, ensuring even and professional results.
- **Buttocks:** Learn how to wax this sensitive area safely and effectively.
- **Back:** Gain the expertise to wax the back, a popular area for both men and women.

Course Highlights:

- **Ideal for Beginners:** This course is designed for individuals with no prior experience, making this the perfect starting point for your career in beauty.
- **Theory and Practical Training:** You will learn both the theoretical aspects of waxing, including health and safety, skin anatomy, and hair growth cycles, as well as hands-on practical skills.
- **Live Models:** Throughout the course, you will work on live models, giving you real-world experience and the confidence to perform waxing treatments professionally.
- **Expert Tuition:** Our experienced instructors will provide personalised guidance, ensuring you master each technique and gain a thorough understanding of the waxing process including pre and post treatment care.
- **Assessment:** At the end of the course, you will undergo an assessment to demonstrate your skills and knowledge, ensuring you meet the professional standards required for certification.
- **Industry-Relevant Skills:** You will leave the course with a solid foundation of skills that are highly valued in beauty salons and by clients, making you ready to offer professional waxing services.

Accredited Qualification:

Upon successful completion of the course, you will receive a fully accredited qualification, recognised by industry bodies. This certification will enable you to provide waxing services professionally, whether you choose to work in a salon or start your own beauty business.

Course Duration:

This is a comprehensive 3-day course, offering a balanced mix of theory, demonstrations, and practical application.

Whether you are looking to begin a new career or add a popular service to your existing beauty offerings, this course is the perfect foundation for success in the beauty industry.

Enroll today and take the first step towards becoming a fully qualified waxing professional!

Masterclass Courses

Intermediate Masterclasses – Advanced Waxing Techniques:

For beauty professionals who have already completed a foundation waxing course (either with us or through another accredited provider), our **Intermediate Masterclasses** offer the perfect opportunity to build on your skills and expand your expertise. These 1-day masterclasses focus on advanced waxing techniques, enabling you to provide specialised services that are in high demand in the beauty industry.

Each course is a 1-day programme priced at £250, and is structured to provide a well-rounded learning experience that includes both theory and practical training. You'll gain hands-on experience with live models, and each course includes an assessment to ensure your skills meet professional standards. The courses must be taken in sequence, progressing from one to the next to ensure you develop the complete set of advanced waxing techniques unless you already hold the previous qualification.

The Three Masterclasses:

1. Intimate Waxing for Women (Strip Wax):

In this 1-day course, you'll refine your skills in performing intimate waxing for women using strip wax. You will focus on areas like the bikini line, Brazilian, and Hollywood waxing, learning how to provide safe, effective, and comfortable treatments. The course covers theory on skin sensitivity, pain management, and hygiene practices, as well as practical, hands-on training. You'll work with live models to perfect your technique, and the course will end with an assessment to confirm your competency.

2. Hard Waxing:

This 1-day course is focused on teaching you the art of hard waxing, which is ideal for sensitive areas of the body. The course will cover the theory behind hard wax, including its benefits, proper application methods, and when to use it. You'll practice the technique on live models, gaining confidence in removing hair from delicate areas such as the underarms and intimate regions. An assessment will ensure that you can apply hard wax effectively and professionally.

3. Intimate Waxing for Men:

This advanced 1-day course teaches you how to perform intimate waxing for men, including popular treatments like the male Brazilian and "back, sack, and crack" wax. The course covers the theory behind male waxing, including hair growth patterns, skin types, and client care. You'll gain practical, hands-on experience with live models to perfect the technique. The course concludes with an assessment to ensure you're ready to confidently provide intimate waxing services for male clients.

**** £250 PER COURSE**

Masterclass Courses

...Continued

Course Requirements:

To enrol in these intermediate masterclasses, you must already hold a recognised qualification in beauty or an accredited qualification, such as our *Foundation Waxing Full Body Course*. These courses are designed to build upon your existing knowledge, so you should already be comfortable with basic waxing techniques.

Course Progression:

The three courses must be completed in order, with each course providing the skills and techniques required to move on to the next unless you already hold the previous qualification. By the end of this series, you'll be fully equipped to offer advanced waxing services, both for women and men, including those requiring specialised techniques such as hard waxing and intimate waxing for male clients.

Accredited Qualification:

Upon successful completion of each course, you will receive a certificate of achievement, recognising your proficiency in advanced waxing techniques. These qualifications are accredited, ensuring your professional development is recognised and valued within the beauty industry.

Course Pricing:

Each of the Intermediate Masterclasses is priced at £250 which includes theory, practical training with live models, and assessments. These 1-day courses offer great value, equipping you with the advanced skills you need to expand your waxing services and grow your career.

FAST TRACK TO WAXING

Foundation, Intermediate & Advanced

Fast Track To Waxing

Fast Track to Waxing – Complete Training Programme

For those who are ready to fast-track their career in the waxing industry, our *Fast Track to Waxing* course offers a comprehensive, intensive training programme that combines all of the courses in this prospectus. This course is ideal for beginners and those who wish to complete their waxing qualifications in a shorter time frame.

Over the course of this intensive programme, you will receive all the training covered in our Foundation and Intermediate Masterclasses, including both theory and practical experience. The course is designed to give you a thorough understanding of waxing techniques, ensuring you are fully prepared to work as a professional waxing technician.

What's Included in the Fast Track to Waxing Course:

- Foundation Waxing Full Body Course:

Learn the essential waxing techniques for a wide range of body areas using strip wax, including underarms, arms, chest, abdomen, basic bikini, legs, buttocks, and back. You'll receive both theoretical lessons and hands-on training with live models, followed by practical assessments to ensure competency.

- Intermediate & Advanced Masterclasses:

- **Intimate Waxing for Women (Strip Wax):** Advance your skills in intimate waxing for women, including Brazilian and Hollywood waxing.

- **Hard Waxing:** Learn the proper techniques for using hard wax, perfect for more sensitive areas such as intimate regions and delicate body parts.

- **Intimate Waxing for Men:** Specialise in waxing techniques for male clients, including the male Brazilian and other popular treatments.

Throughout the course, you will work on live models to build your practical experience. The programme includes both practical and theory assessments to ensure you meet the high professional standards required in the waxing industry.

Course Requirements:

The **Fast Track to Waxing** course is suitable for complete beginners, as well as those looking to expand their current knowledge. No previous beauty qualifications are required. However, the course provides an in-depth and comprehensive approach, so you'll leave fully confident and ready to provide professional waxing services.

Fast Track To Waxing

...Continued

Course Format:

- **Duration:** 5 day course
- **Training Includes:**
 - **Theory:** Learn about skin anatomy, hair growth cycles, health and safety, hygiene practices, and waxing techniques.
 - **Practical:** Gain hands-on experience with live models to perfect your skills.
 - **Assessments:** Complete both practical and theory assessments to demonstrate your competence.

Accredited Qualification:

Upon successful completion of the **Fast Track to Waxing** course, you will receive a fully accredited qualification, recognised by industry bodies. This certification will allow you to provide professional waxing services in a salon, spa, or as an independent practitioner.

Course Pricing:

The **Fast Track to Waxing** course is priced at £650 for the complete training programme, which includes all theory and practical sessions, live model work, and assessments.

At our academy, we provide a complete learning experience, with both theory and practicals conducted on-site to ensure you achieve a thorough understanding and optimal results. Our support doesn't end with the course; we offer ongoing guidance throughout your career, with assistance available for a lifetime. You will also be shown how to secure professional insurance, given access to trusted stockists, and provided with everything you need to confidently move forward in your profession. Additionally, kits are available for purchase at an additional cost, ensuring you have everything you need to get started right away.

BEGINNERS
MASTERCLASSES

Face Waxing

Defined Brows

Brow Lamination

Lash Lift

Beginners Masterclasses

One-Day Beginner Masterclasses – Essential Brow, Lash & Facial Waxing Skills

Our One-Day Beginner Masterclasses are designed for those starting their beauty journey or seeking to develop strong introductory treatment skills. Each course blends essential theory with hands-on practical experience, ensuring you gain confidence from the moment you begin.

These courses require no prior qualifications, as you will complete an Anatomy & Physiology qualification alongside your training. You'll work on live models, learning real techniques that prepare you for professional practice.

Each course is delivered as a 1-day programme priced at £250.

The One-Day Masterclasses

1. Face Waxing Masterclass (Full Face & Brows)

This 1-day course focuses on performing full-face waxing, including detailed brow waxing. You will learn how to remove facial hair safely and effectively while understanding skin types, hygiene procedures, hair growth patterns, and essential aftercare. With live model practice, you'll gain the confidence and ability to deliver smooth, precise results that clients love.

2. Defined Brow Masterclass (Shaping & Tinting)

This masterclass teaches you how to create perfectly defined eyebrows through professional brow shaping and tinting techniques. You will learn brow mapping, symmetry assessment, tint selection, shaping methods, and how to tailor brow styles to suit individual client features. This course is ideal for those looking to offer refined, high-quality brow services.

3. Brow Lamination Masterclass

Brow lamination is a treatment that restructures and sets brow hairs in place to create a fuller, lifted, and more uniform appearance. During this training, you'll learn the full lamination process, including product timings, brow shaping, tinting integration, styling techniques, and aftercare. This course equips you to confidently offer one of the most popular brow treatments in the industry.

4. Lash Lift Masterclass

A lash lift is a natural enhancement treatment that lifts and curls the lashes from the root, creating a longer, fuller appearance without the need for extensions. This course covers shield selection, lash placement, tinting, correct product usage, timings, troubleshooting, and aftercare advice. You'll gain the practical skill to offer beautiful lash lift results safely and professionally.

Course Requirements

No qualifications or previous experience are required. An Anatomy & Physiology qualification is included alongside these courses, giving you the foundational knowledge needed for safe, effective treatment delivery.

Accredited Qualification

Upon successful completion of each 1-day masterclass, you will receive an accredited certificate of achievement, acknowledging your competency in brow, lash, and facial waxing treatments.

Course Pricing

Each course is priced at £250, including theory, practical model work, and your accredited qualification.

If you are ready to launch your career in the waxing industry or have any questions, please don't hesitate to contact us at trainingacademy@nqwaxstudiouk.com for further information.
